#### Language or International Course(s)

5-10 credits:

**Option one (5 credits):** Students must demonstrate competency in a foreign language through one of four ways: three years of high school in one language, FL 103 at the college level, native speaker certification, placement through testing in the second year of the language. Students meeting this requirement will need an additional IN (international) course of 5 credits.

**Option Two (5 credits):** One college level foreign language course beyond the first year, i.e. French 201. Five credits of that counts here.

**Option Three (10 credits):** TSMIN 200 (International Interactions) or TGH 301 (Global Interactions) plus one additional IN course or TGH 302.

#### One Natural World course: Environmental Science

5 credits: TESC prefix or an Environmental Science transfer-see adviser for applicable transfer courses)

If certain courses with a TESC prefix (see options under “Do count for T-US” list above) are taken as a part of the US core, then this converts to 5 free elective credits
