

Research Interviewer I

Pacific Northwest Diabetes Research Institute is seeking a motivated, energetic **part-time or full-time Research Interviewer I** responsible for reporting results to research study participants, recruiting participants for further research tests via the telephone and in person at area hospitals, and assisting with participant follow-up and retention.

Essential Duties and Responsibilities:

- Conduct study interviews both in person and via the telephone.
- Recruit and inform study participants of study requirements.
- Administer informed consent and study questionnaires.
- Work with staff to develop and update procedures.

Qualifications:

- Bachelor's degree in the social or life sciences preferred.
- Excellent communications skills.
- Ability to read scientific documents and communicate effectively with study participants.
- Excellent problem-solving skills.
- Proficiency in MS Office (Word, Excel and Outlook).
- Valid Washington State driver's license and access to vehicle

Company Information:

The mission of the Pacific Northwest Diabetes Research Institute is to support and conduct basic and clinical research that lead to the prevention and cure of diabetes and its complications. Please see www.pnri.org for more information.

How to Apply:

Please send your Cover Letter and Resume in a single MS Word document to interviewer.pmsi@hiredesk.net
